## AB 721 Disclosure of Student Loan Data 2016-2017 Academic Year

California Assembly Bill No. 721 requires colleges and universities in California to disclose the following information concerning graduates and student loan debt.

Number of students who started as first-time students at Marymount California University and received a bachelor's degree between July 1, 2016, and June 30, 2017:	63
Number and percentage of undergraduates who borrowed at any time while enrolled at Marymount California University through any student loan program:	48 / 76%
- Total principle amount borrowed for loans described above:	\$2,135,362
- Average cumulative principle borrowed:	\$10,392
Number and percentage of undergraduates who borrowed at any time while enrolled at Marymount California University through any <i>federal</i> student loan program:	48 / 76%
- Total principle amount borrowed for loans described above:	\$2,045,910
- Average cumulative principle borrowed:	\$10,135

\*For the average, Parental loans are not included.
