

Minor in Computer Science

| COMPUTER SCIENCE – 24 units | | | | | |
|--|---|------------------------|---------------------------------------|------------------------|-----------|
| REQUIRED | | Prerequisite | Core | Offered | Completed |
| CS 195 | Programming and Problem Solving (4) | | R2 | SP 21, 23 | |
| CS 196 | Intro. to Java Programming (4) | | R2 | F 21, 23 | |
| CS 210 | Intro. to C Programming Language (4) | | R2 | SP 22, 24 | |
| Choose Game Design or Web Design 3-course sequence -12-units | | | | | |
| Game Design: AM 203 and AM 310 and AM 410 | Digital 3d Modeling (4) <i>Lab fee</i> and Digital Game Design I (4) <i>Lab fee</i> and Digital Game Design II <i>Lab fee</i> (4) | AM 203 AM 303 & 310 | R2, PS4 R2, R3, PS4 R2, R3, PS4 | TBD TBD TBD | |
| Web Design: AM 104 and AM 204 and AM 334 | Introductory HTML & PHP (4) <i>Lab fee</i> and Website Design I (4) <i>Lab fee</i> and Website Technologies (4) <i>Lab fee</i> | | R2, PS4 R2, R3, PS4 R2, R3, PS4 | TBD Every SP TBD | |

Any area of emphasis defined in the Multidisciplinary Studies BA program may be added to another Bachelor’s degree as a minor. The minor may not be the same discipline as the degree. A minor added to the Multidisciplinary Studies BA requires completion of a third emphasis, since the Multidisciplinary Studies BA itself requires two emphases. Courses may not be applied to more than one area of emphasis.

Limitations are in place when more than 1 course is required/taken in both the major and minor. Examples are:

- Accounting BS and Business minor
- Biology BA/BS and Biology or Chemistry minor
- Business BA and Business minor
- Criminal Justice BA and Criminal Justice minor
- Digital Communication Media BS and Digital Communication minor
- Management BS and Business minor
- Psychology BA and Psychology minor
