

Mount Saint Mary's University Los Angeles is proud to support undergraduate and graduate students from Marymount California University as they pursue their educational goals.

For nearly 100 years, we have empowered students to develop as leaders to better themselves and the world. We are known nationally for our research on gender equity, our innovative health and science programs, and our commitment to social justice.

As the only women's college* in Los Angeles and one of the most diverse in the nation, the Mount offers students the opportunity to think critically across disciplines and excel with a hands-on education. We offer over 50 different majors and minors, our average class size is 15, and our alumnae are leaders across all industries, including business, education, healthcare, and politics.

At Mount Saint Mary's University, our commitment to you is simple:

- 1. We guarantee admission to all Marymount students** in good academic standing – and we have simplified the application process for you.
Visit msmu.edu/Marymount-transfer for more information on choosing the right path for you.
- 2. We will match your Marymount financial aid offer** so that your net cost will remain the same (Cost of Attendance – Financial Aid).
MSMU is committed to making sure your education remains affordable. However, we are unable to match athletic scholarships awarded through Marymount's athletic program.
- 3. We will welcome you to the Mount community.**
We know this transition is unexpected, and we are here to support you every step of the way. Reach out to an admission counselor below to learn more about the Mount and how we can help you reach your goals.

Visit msmu.edu/Marymount-transfer to learn more about your path to the Mount.

**While our traditional undergraduate programs are only for women, please note that we welcome all genders in our Graduate and Weekend/Evening & Online College programs. Choose from 12 majors with flexible on campus, hybrid coursework. Visit msmu.edu/weoc to learn more.*

TEACH OUT PROCESS

Students with 30 units or fewer left to complete their MCU degree will earn their MCU degree at Mount Saint Mary's University.

UNDERGRADUATE TEACH OUT
